

The Somerset Community Action Program in conjunction with The Franklin Township Community Resource & Services Department is proud to bring you three free Financial Literacy courses.

Financial Literacy is learning the skills to make better decisions about money management. These skills are critical in today's complex society and tough economy. Having the knowledge and skills is especially important for low-income individuals and families.

The Somerset Community Action Program in partnership with The Franklin Township Community Resource & Services Department will be providing **free** financial literacy classes to the community. Start investing in your future by getting the knowledge and skills necessary to begin taking control of your finances.

Financial literacy is an important avenue to move out of poverty. Steady employment is a crucial aspect, but a good job is not the only factor. Many families are faced with bad credit, crushing debt, and left with difficult options to recover from their financial setbacks. SCAP's Financial literacy courses are intended to be a positive asset-building path for your long-term financial health.

All courses in Franklin are taught by volunteer Carletta Beckwith, CPA. Ms. Beckwith is both a certified public accountant and certified financial planner, able to service peoples' financial needs and concerns.
